A new website for Tactical Patriot.

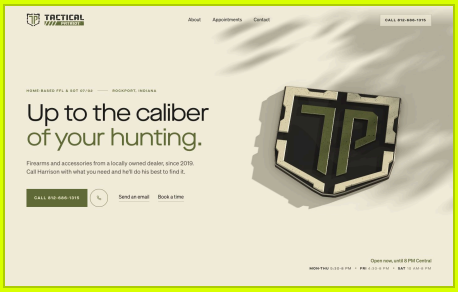

Prepared for Harrison by Eric Berg, Crush

01 The river at night.

02 Your mark, sprayed on.

03 Your shield, in daylight.

Your number · Black Friday, until 30 November 2026 · ~~$1,500~~

$1,200

Paid once.

Half at go, half at launch

$600 when you say go, $600 when your site is live.

Built within a week

of your go. You see every page before anything goes live.

Yours to keep

Site and files in your name.

What we built it around.

Rockport, on the river.

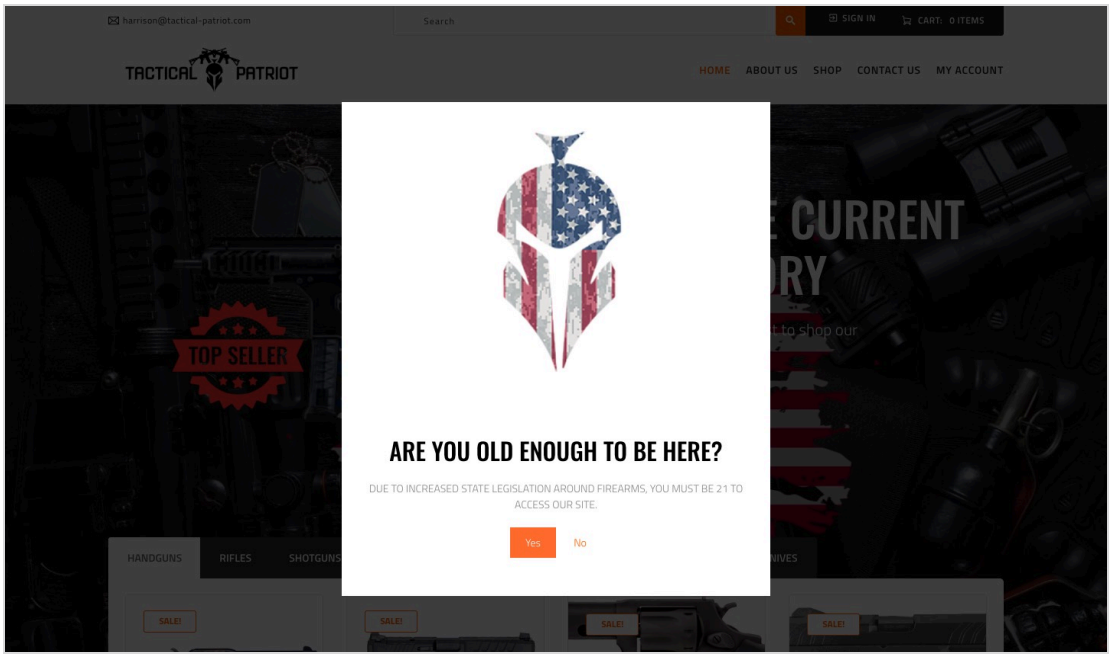

Across from Owensboro, upriver from Evansville. Option 1 lights the real map at dusk, Rockport first, and your shield on it is the call button.

Your new mark.

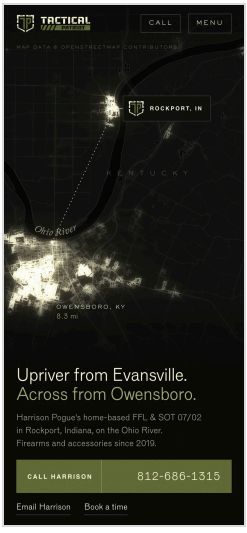

The shield and wordmark from your email, kept as drawn. Option 2 sprays it onto your camo, with your number in a bar cut like your PATRIOT stripe.

Up to the caliber of your hunting.

From your About page. Option 3 sets your shield down in evening light, since evenings and Saturdays are when you're open.

Today

New, on a phone

All in the price of your website.

The website

A new site for Tactical Patriot: the homepage, what you do as a home-based FFL & SOT, your hours, and one tap to call, email or book a time, built out from the top you've just seen. No store, no dealer feed and no card checkout to run. Built within a week of your go.

An animated promo

A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.

A designed email

Designed and written for your customers, so the people who already buy from you hear about the new site from you.

Twelve ads

Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.

A front desk

First month on us

From Hire Whoever, our sister company: a voice assistant that answers your line when you can't get to the phone, takes down who called and what they're after, and every call becomes a short written record.

Unlimited small changes

For the first 30 days, anything you send is live the next business day. After that, small changes stay free: a price, a photo, your hours, a line of text. Text or email it and it's done within the week.

Launch email setup

Included when you say go before 2 December 2026

We set up the launch email and line it up for your customers, ready to go out on launch day.

$1,200, paid once. Nothing that comes with it is billed separately. All prices in US dollars.

Built within a week of your go.

Day 0

You say go

You pay the 50% deposit and give us access to your domain and current site. Your live site won't change until you say.

Days 1 to 7

We finish the site

We build these pages into your full site. You see every page in a preview before anything goes live.

Launch

It goes live

The new site goes live on your domain, and the promo and launch email are ready to go out with it.

After launch

Changes, on us

For 30 days, anything you send is live the next business day. Small changes stay free after that.

Launch day depends on you too: the sooner your answers and approvals come back, the sooner it's live. If we're ever the hold-up, your first three months of Steady, our monthly care plan, are on us.

"As a business owner, having someone you can trust with your website is invaluable, and Eric has absolutely earned that trust."

Midwest Peps, online store, Kansas

"We weren't planning to rebuild the website for our cafe, until Eric from Crush approached us... We're so glad he did!"

Alejandra Dominguez, Switchboard Cafe, Salt Spring Island, BC

"...completely modernized the site while keeping its identity, its history and the content I care about."

Vincent Cheville, Volcano Explorer, La Réunion (translated from French)

Yours, start to finish.

Questions.

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

Is it secure?

Yes. It's built lean and tested on a preview before anything goes live. With no checkout on it, there are no card payments to protect, and your messages go to the same inbox you use now.

Who owns it?

You do. The design and every file sit in your name. Your domain stays with you; nothing of ours renews unless you ask.

How do I make changes?

Text or email me the change. For the first 30 days, anything you send is live the next business day. After that, small changes stay free, done within the week: a price, a photo, your hours, a line of text. Something new, like a page or a feature, gets a price before we touch it, or a monthly plan covers it.

When do I pay?

Half ($600) when you say go, the rest ($600) when the site is live. You've seen the homepage before paying anything.

What does it cost to keep running?

Nothing monthly. Hosting and site care come with the site, and small changes by text or email stay free. There's no store, dealer feed or card checkout on it, so there's nothing for you to keep running.

What about the rules changing again?

Then the site changes with them. You tell us how you're selling, and the page says exactly that, in your words. We never write legal advice onto your site.
